Certification of Prices for the Global Reseller Expedited Package Contract with
[REDACTED]

I, Virginia Mayes, Manager, Cost Attribution, Finance Department, United States Postal Service, am familiar with the prices for the Global Reseller Expedited Package Contract with [REDACTED]. The prices contained in this Contract were established by the Decision of the Governors of the United States Postal Service on the Establishment of Prices and Classifications for Global Reseller Expedited Package Contracts, issued March 24, 2010 (Governors' Decision No. 10-1), which established prices by means of price floor and ceiling formulas.

I hereby certify that the numerical cost values underlying the prices in the [REDACTED] contract are the appropriate costs to use in the formulas and represent the best available information. The prices, resulting in a cost coverage of in excess of the minimum required by the Governors' Decision, exclusive of pickup on demand and international ancillary services fees, are in compliance with 39 U.S.C § 3633 (a)(1), (2), and (3). The prices demonstrate that the Contract should cover its attributable costs and preclude the subsidization of competitive products by market dominant products. International competitive mail accounts for a relatively small percentage of the total contribution by all competitive products. Contribution from Global Reseller Expedited Package Contracts should be even smaller. The Agreement with [REDACTED] should not impair the ability of competitive products on the whole to cover an appropriate share of institutional costs.
